Our Mission

Our mission is to provide affordable housing and assisted living services for the low to moderate income senior adult.

Our Philosophy

Our philosophy is that housing should be affordable and high quality. Our award winning community makes a dramatic difference for seniors and families searching for an affordable, thriving assisted living environment.

Assisted Living

For a senior adult, sometimes an extra hand is all that is needed. For seniors who need help with some of the activities of daily living, assisted living provides housing and services in a non-institutional, non-medical setting. Delaware Highlands Assisted Living offers a friendly, attractive and “home-like” environment for our residents. Both rents and services are adjusted based on your income affordability.

Income Guidelines

A key part of your eligibility for DHAL’s unique income-based assisted living community is that your annual gross income cannot exceed the area median income. Residents must be U.S. citizens or have a special immigration status.

\$30,100 / year for a single individual

\$34,400 / year for married couples
